EXECUTIVE SUMMARY

Economic activity showed resilience during first quarter Jul-Sep FY2026-27, supported by positive trends in exports, workers' remittances, and industrial production. Exports (G & S) increased by 11.0 % to US\$ 11.2 billion during Jul-Sep FY 2026-27, up from US\$10.0 billion in the same period last year, driven by a 7.7 % rise in goods exports and a strong 23.0 % expansion in services exports. The workers' remittances rose by 14% to US\$ 10.9 billion during Jul-Sep FY 2026-27, compared with US\$ 9.5 billion in the corresponding period last year. Large-Scale Manufacturing (LSM) maintained positive momentum, recording growth of 1.9 % during Jul-Aug FY2026-27, while FBR tax collection increased by 7.0 % to Rs 3,086.2 billion during the first quarter. However, inflationary pressures remained elevated, with average CPI inflation rising to 10.2% during Jul-Sep FY2026-27, compared with 4.3% a year earlier.

On the development front, the CDWP approved 13 projects worth Rs. 42 billion and recommended 07 projects costing Rs. 356.8 billion to ECNEC in September 2026. Cost-rationalization measures generated savings of Rs. 14.5 billion during Jul-Sep FY2026-27, reflecting continued efforts to improve development expenditure efficiency. Going forward, the policy focus will remain on sustaining economic activity, containing inflation, strengthening exports, and ensuring efficient development spending to support sustainable and inclusive growth.

MACROECONOMIC LANDSCAPE

		FY2025-26 (Jul-Sep)	FY2026-27 (Jul-Sep)	% Change
	FBR TAX COLECTION (Rs. Billion)	2,884.4	3,086.2	↑ 7.0
	EXPORTS (GOODS & SERVICES) (\$Million)	10,067	11,173	↑ 11.0
	REMITTANCES (\$Million)	9,536.8	10,875.1	↑ 14.0
	IMPORTS (GOODS & SERVICES) (\$Million)	18,612	21,334	↑ 14.6
	CURRENT ACCOUNT DEFICIT (\$Million)	755	874	↑
	LSM (%) (Jul-Aug)	4.8	1.9	↓
	INFLATION (%)	4.3	10.2	↑

- Economic activity remained encouraging during the first quarter of FY2026-27, supported by favorable fiscal and external sector developments and continued improvements in key macroeconomic indicators.
- LSM recorded growth of 1.9% during Jul-Aug FY2026-27, compared with 4.8% in the corresponding period last year. However, monthly growth moderated to 0.7% in August 2026, compared with 0.9% in August 2025.
- Out of 22 LSM sub-sectors, 12 recorded positive performance, led by wood products (253.3%), other transport equipment (37.0%), furniture (31.1%), tobacco (22.4%) and wearing apparel (16.7%).
- Cement dispatches increased by 3.9% to 13.1 million tonnes during Jul-Sep FY2026-27 and domestic cement sales rose by 7.8% from 10.1 million to 10.8 million tonnes. Similarly tractors sales increased to 4,109 from 2,981 (37.8%) during the period, reflecting stronger domestic demand, increased construction and agricultural activities.
- Average CPI inflation during July-Sep FY2026-27 stood at 10.2%, compared with 4.3% in the corresponding period of last year. In September 2026, CPI inflation stood at 10.3% year-on-year, (5.8% in September 2025) while it was 11.1% in August 2026. Urban food inflation reached 8.1% and transport inflation 27.4% in September, emerging as the primary drivers of the overall price surge.
- The Government strengthened market oversight through the National Price Monitoring Committee (NPMC) and enhanced surveillance mechanisms to contain price volatility.
- Goods exports increased by 7.7% to US\$ 8.5 billion during Jul-Sep FY2026-27, compared with US\$ 7.9 billion in the corresponding period last year. Textile exports remained the largest export category, growing by 2.5% to US\$ 4.7 billion. The overall growth in exports was further supported by higher shipments of food, petroleum products, chemicals, leather, surgical goods, and other manufactured products.
- Total exports of goods and services increased by 11.0% to US\$ 11.2 billion during Jul-Sep FY2026-27, supported by strong growth in ICT services exports. ICT services exports rose by 17.7% to US\$ 1,246 million from US\$ 1,059 million in the corresponding period of last year. In September 2026 alone, ICT exports increased by 18.20% year-on-year to a record US\$ 435 million, highlighting the growing contribution of digital services to Pakistan's external earnings.
- Goods and services imports rose 14.6% to US\$ 21,334 million in Jul-Sep FY2026-27, indicating stronger domestic economic activity and rising demand for productive and capital goods.
- During FY2026-27, workers' remittances increased by 14.0% US\$ 10.9 billion, compared to US\$ 9.5 billion in the corresponding period last year. In September 2026, remittances rose by 12.5% YoY to US\$ 3.6 billion from US\$ 3.2 billion in September 2025, while declining by 2.0% MoM.
- Although the current account deficit widened to US\$ 874 million in Jul-Sep FY2026-27, from US\$ 755 million in the corresponding period of FY2025-26, the growth in exports provides a positive foundation for improving external sector sustainability.
- During Jul-Sep FY2026-27, FBR tax collection rose 7.0% to Rs. 3,086.2 billion, reflecting improved domestic revenue mobilisation and stronger collection performance.
- Going forward, the focus must remain on consolidating economic gains through price stability, export-led growth, prudent fiscal management, and meaningful structural reforms to build a stronger, more competitive, and sustainable economy.

DEVELOPMENT PROJECTS

During September 2026, two (02) meetings of the CDWP were convened under the chairmanship of DCPC to review development proposals submitted by federal ministries and provincial governments. The forum considered thirty-seven (37) agenda items in total comprising twenty-seven (27) projects, four (04) position papers and six (06) concept clearance proposals. Out of these, thirteen (13) projects, two (02) position papers and six (06) concept clearance proposals were approved. Four (04) projects were deferred; three (03) projects and one (01) position paper were returned. Seven (07) projects and one (01) position paper, were recommended to ECNEC. A detailed sector-wise breakdown of projects is at Annex-II.

DEVELOPMENT DYNAMICS

September 2026

Food & Agriculture Sector

The CDWP approved one (01) project at a cost of Rs 5.0 billion, aimed at promoting olive cultivation on a commercial scale and enhancing agricultural productivity in Pakistan.

Governance Sector

One (01) project, costing Rs 57.1 billion, was recommended to ECNEC with the objective to transform/ digitalize revenue administration.

Higher Education Sector

CDWP approved three (03) projects costing Rs 14.0 billion with the aim to strengthen academic & research infrastructure, enhance basic sciences & university facilities, improve the quality and capacity of higher education institutions.

Information Technology Sector

Four (04) projects, costing Rs 11.7 billion, were approved, while one (01) project costing Rs 37.2 billion was recommended to ECNEC. These projects aim to strengthen secure communications, geospatial and emerging technology capabilities, information technology infrastructure, and satellite systems, supporting innovation, technological development, and national capabilities in advanced technologies.

Transport & Communications Sector

One (01) project for Rs 23.4 billion was recommended to ECNEC for dualization and improvement of the Pindigheb-Kohat Road. The project aims to improve road connectivity and facilitate safer and more efficient movement.

Physical Planning & Housing Sector

Three (03) projects with a cost of Rs 5.2 billion were approved, while 02 projects costing Rs 162.6 billion were recommended to ECNEC to improve public infrastructure, urban development, water supply and sanitation services. These projects will support improved infrastructure and sustainable water and related services.

Mass Media and Sports Sector

One (01) project costing Rs 5.8 billion was approved for revamping and refurbishment of different facilities at Pakistan Sports Complex, Islamabad for preparation of 14th South Asian Games. The project aims to improve sports infrastructure and enhance facilities at the national sports complex.

Water Sector

One (01) project costing Rs 0.34 billion was approved, while 02 projects costing Rs 76.4 billion were recommended to ECNEC with objectives to strengthen high frequency (HF) radio network for timely and correct transmission of hydro meteorological data, improve water productivity as well as ensuring additional water availability for Karachi city.

COST RATIONALIZATION

With the objective of promoting the efficient utilization of public resources, the CDWP forum conducted a comprehensive review of projects to identify and eliminate non-essential components, thereby ensuring greater value for public investment. This intervention has improved the efficiency of resource allocation and reflects the Government's commitment to results-oriented, impact-driven, and sustainable development. As a result of these efforts, savings amounting to Rs 7,040.343 million were secured during September, 2026 bringing cumulative savings to Rs 14.5 billion for the period Jul-Sep FY2026-27.

Saved
Rs. 14.5
Billion
(Jul-Sep) FY 2026-27

EMPLOYMENT GENERATION

The projects approved during September 2026 are expected to generate a total of 33,170 jobs employment opportunities, including 15,334 direct and 17,836 indirect jobs. The approved portfolio primarily covers water supply, physical infrastructure, higher education, health, information technology, and transport projects. Infrastructure schemes, particularly K-IV, account for the largest share of projected employment, reflecting the substantial construction, engineering, and ancillary workforce required for large-scale projects.

15,334 Direct Jobs

17,836 Indirect Jobs

DEVELOPMENT SPENDING (Rs. in Billion)

The Federal PSDP FY2026-27 is set at Rs. 1,000 billion, including Rs. 255 billion as rupee cover for foreign-funded projects. Given fiscal constraints, the focus is on completing high-impact ongoing projects and improving implementation efficiency. Development spending is being aligned with Uraan Pakistan to maximize value for money and deliver sustainable, inclusive growth.

Amount in Rs. Million

SECTOR	ALLOCATION (FY2026-27)	EXPENDITURE (JUL-SEP FY2026-27)	%
Infrastructure	60,2464.08	36,493.98	6.0
Energy	11,6181.50	8,340.57	7.0

Industries	7,966.30	688.09	9.0
Total	1,000,000	61,319.97	6.1

FOREIGN FUNDED PROJECTS

The Federal PSDP 2026-27 allocates Rs. 255 billion as rupee cover for foreign-funded projects. Against this allocation, Ministries/Divisions sanctioned Rs. 35.7 billion and incurred expenditure of Rs. 11.6 billion during September 2026.

MONITORING AND EVALUATION (M&E)

The Ministry of Planning initiated the institutionalization of Third-Party Validation (TPV), as decided by the CDWP on 28 August 2026, through independent external validators to assess project performance, implementation progress, and compliance. TPV is conducted once every three years during project execution, with costs met from the project's contingency provision. During September 2026, focal persons were nominated, and weekly progress on TPV implementation was reported to the Prime Minister's Office.

In September 2026, the Ministry monitored 24 development projects marking the total to 46 during Jul-Sep against the bi-annual target of 122. On the other hand, 06 projects were evaluated in September, reaching to 09 during Jul-Sep against the bi-annual target of 25 for FY2026-27. The exercise focused on reviewing implementation progress, identifying gaps, and ensuring alignment with planned objectives and outcomes.

*Bi-annual Targets for Monitoring and Evaluation
(Jul-Sep FY 2026-27)*

Water Security: Investing Where It Matters

The Government is prioritizing water security, climate resilience and regional development through strategic investment in key dam projects.

More Water | Stronger Communities | A Prosperous Pakistan

Mohmand Dam Hydro-Power Project

Khyber Pakhtunkhwa

Revised Cost
Rs. 665 billion

Expenditure
Rs. 274 billion

Storage
1.29 MAF

Power Generation
800 MW

Command Area Development
17,742 acres

Annual Energy
2,862 GWh

Water Supply
206 cusecs

Progress
58%

Drinking Water
for Peshawar City
300 MGD

Diamer Basha Dam

Diamer- Kohistan Districts [GB-KPK]

Revised Cost
Rs. 2.85 Trillion

Duration
3 years

Gross Storage
8.1 MAF

Power generation
4500 MW

Annual Energy
18,100 GWh

Progress
22.7%

Winder Dam

Lasbela, Balochistan

Total Cost
Rs. 21,621.588 million

Duration
85 months

Gross Storage
60,706 acre-feet

Lined Watercourses
in command area

Irrigation for
10,000 acres

Fisheries, forestry & recreation

Water Supply
about 50 cusecs

Groundwater recharge

Drinking Water
for Winder city

Improved access and connectivity

Mashkel Dam

Washuk, Balochistan

Total Cost
Rs. 41,138.550 million

Duration
4 years

Irrigated Command Area
30,000 acres

Flood mitigation and water conservation

Improved agricultural productivity

Socio-economic development in a water-stressed region

Mazarani Dam

Qambar Shahdadkot, Sindh

Total Cost
Rs. 16,086.542 million

Duration
3 years

Gross Storage
55,350 acre-feet

Flood-risk mitigation and groundwater recharge

Irrigation & Drinking Water
for 30,000 persons

Increased cropping intensity and livelihood opportunities

Combined Impact

Together, these projects will strengthen water security, energy security enhance agricultural productivity, ensure food security, mitigate flood and drought risks, create jobs and improve livelihoods. They will also expand access to essential services, promote regional connectivity and build climate resilience, with a special focus on underserved communities and vulnerable groups.

INVESTING IN WATER | EMPOWERING COMMUNITIES | BUILDING A SUSTAINABLE FUTURE

OTHER DEVELOPMENT INITIATIVES

SCO Digital Economy and Regional Connectivity

On 14 September 2026, in China, Pakistan participated in the SCO Digital Economy Forum 2026, where discussions covered digital transformation, AI, digital infrastructure, connectivity and technology cooperation. On 15 September 2026, the forum further focused on broadband expansion, IT and ICT exports, digital inclusion, cross-border e-commerce and payments, joint AI research and human resource development. The engagements concluded with emphasis on strengthening regional digital connectivity and cooperation to support trade, investment, industrial development and shared economic growth.

Quantum Valley Pakistan: Advancing Innovation and Technology

On 16 September 2026 in Islamabad, Quantum Valley Pakistan was launched as a joint initiative of the Ministry of Planning, Ministry of IT & Telecommunication, Ministry of Science & Technology, Ministry of Defence and Ignite. The initiative aims to accelerate innovation, AI, emerging technologies, entrepreneurship and high-tech businesses under URAAN Pakistan, while connecting Pakistani youth and startups with global technology and innovation hubs. Two agreements with Cambridge Innovation Center (CIC) and Plug and Play were signed to strengthen international technology partnerships and Pakistan's innovation ecosystem.

Civil Service Reforms and Institutional Modernisation

A multi-party consultative session on civil service reforms was held under the chairmanship of the Federal Minister for Planning on 19 September 2026 in Islamabad. The session aimed to build broad political and institutional ownership for long-term reforms. The proposed framework comprised 46 recommendations, with consensus reached on 43. Discussions focused on specialised recruitment, merit-based promotions, performance-based accountability, inclusive recruitment and technology-enabled administration.

INTERNATIONAL ENGAGEMENTS

Development Priorities, Institutional Reforms and Bilateral Cooperation

On 9 September 2026, a meeting was held with the British High Commission in Islamabad to discuss Pakistan's development priorities, institutional reforms and bilateral cooperation. The discussion covered continued UK support under the 5Es framework of URAAN Pakistan, particularly in exports, climate resilience, human development and civil service reforms. The British side re-affirmed its commitment to supporting Pakistan in climate resilience, disaster preparedness and adaptation.

Pakistan-Uzbekistan Engagement on Regional Connectivity

On 28 September 2026, in Ulaanbaatar, Mongolia, the Federal Minister for Planning held a bilateral meeting with a delegation from Uzbekistan led by the Deputy Minister of Investment, Industry and Trade, on the sidelines of the CAREC Programme. The engagement focused on regional connectivity, investment and international financing, particularly the Uzbekistan-Afghanistan-Pakistan (UAP) Railway.

Both sides discussed expediting the feasibility study, mobilising financing and developing an implementation roadmap.

DEVELOPMENT OUTLOOK

Pakistan's economic outlook for FY2026-27 remains cautiously positive, with GDP growth projected at 4.0%, supported by improving industrial activity and growth in agriculture and services. However, geopolitical tensions, elevated energy prices, and inflationary pressures pose risks. Sustained macroeconomic stability, structural reforms, export growth, and investment will be crucial for achieving sustainable economic growth.

As FY2026-27 progresses, efforts remain focused on accelerating project implementation, improving investment efficiency, and strengthening the development outcomes. Resources are being directed towards high-impact projects and priority sectors, while private investment, export promotion, productivity enhancement, technological advancement, human capital development, and climate-resilient growth remain key priorities. Enhanced coordination and strengthened monitoring mechanisms are supporting efficient resource utilization, greater accountability, and measurable progress.
